

(iii) Provide comments or recommendations, as appropriate, to the National Security Council, the Director of the Office of Science and Technology Policy, the Director of the Office of Management and Budget, the Executive Agent, or the Manager of the NCS, regarding ongoing or prospective activities of the NCS.

(14) All Federal departments and agencies shall:

(i) Prepare policies, plans and procedures concerning telecommunications facilities, services, or equipment under their management or operational control to maximize their capability to respond to the national security and emergency preparedness needs of the Federal Government. Such plans will be prepared, and the operations will be executed, in conjunction with the emergency management activities of the Federal Emergency Management Agency, and in regular consultation with the Executive Agent for the NCS and the NCS Committee of Principals.

(ii) Cooperate with and assist the Executive Agent for the NCS, the NCS Committee of Principals, the Manager of the NCS, and other departments and agencies in the execution of the functions set forth in this regulation, furnishing them such information, support and assistance as may be required.

PART 211—EMERGENCY RESTORATION PRIORITY PROCEDURES FOR TELECOMMUNICATIONS SERVICES

Sec.

211.0 Purpose.

211.1 Authority.

211.2 Definitions.

211.3 Scope and coverage.

211.4 Policy.

211.5 Priorities.

211.6 Submission and processing of restoration priority requests.

211.7 Obligation of carriers.

AUTHORITY: 84 Stat. 2083 and Executive Order 12046, 43 FR, 13349 *et seq.*, March 29, 1978.

SOURCE: 43 FR 50431, Oct. 30, 1978, unless otherwise noted.

§211.0 Purpose.

This part establishes policies and procedures under which government

and private entities will be furnished restoration priorities to insure that leased intercity private line telecommunications services vital to the national interest will be maintained during the continuance of a war in which the United States engaged. It supersedes the Director of Telecommunications Management Order of January 15, 1967 (32 FR 791, 47 CFR 201), which is hereby canceled. To assure the effective ability to implement its provisions, and also in order that government and industry resources may be used effectively under all conditions ranging from national emergencies to international crises, including nuclear attack, a single set of rules and procedures is essential, and they must be applied on a day-to-day basis so that the priorities they establish can be implemented at once when the occasion arises. As provided for in part 18 of Executive Order 11490, as amended (3 CFR, 1966–1970 Comp., p. 820), policies, plans, and procedures developed pursuant to the Executive order shall be in consonance with the plans and policies contained in this part.

§211.1 Authority.

(a) Authority to direct priorities for the restoration of communications services in national emergencies is vested in the President, including authority conferred by section 103 of the National Security Act of 1947, as amended (50 U.S.C. 404), section 101 of the Defense Production Act of 1950, as amended (50 U.S.C. App. 2070), section 201 of the Federal Civil Defense Act of 1950, as amended (50 U.S.C. App. 2281), section 1 of Reorganization Plan No. 1 of 1958, as amended (3 CFR, 1954–1958 Comp., p. 447), and section 606 of the Federal Communications Act of 1934, as amended. (47 U.S.C. 606).

(b) Authority to develop plans, policies, and procedures for the establishment of such restoration priorities has been delegated to the National Security Council, by Executive Orders 11051, 11490, and by the President's Memorandum of August 21, 1963 (28 FR 9413, 3 CFR part 858 (1959–63 comp.)), all as amended by Executive Order 12046, (FR 43, 13349 *et seq.*).
